333 Glen St & Encompass Insures a Brighter Environment

Encompass Insurance is committed to exceptional claim service. The true test of any insurance is what happens when you have a claim. Encompass assures fast, fair and personal claim service. The New York claim office is located on the eighth and ninth floors of the old CNA building, better known as 333 Glen. 333 Glen is a prime location in Glens Falls New York and houses various companies and businesses. When Encompass Insurance decided they wanted to improve the aesthetics and create a brighter, cleaner environment for their employees, they got in touch with Gene Hinner the building manager for 333 Glen. Gene had worked with Americlean before and had heard great things about Americlean from others. Encompass had decided on the design and colors they wanted for the two floors of the building. Special care had to be taken to ensure the insurance workers were not disturbed. Preparation of the walls and painting would need to be completed on nights and weekends. Preparation included cleaning, all small cracks, divots and imperfections were caulked, repaired, sanded and primed. The prep and paint crew went to work, Violet, Tropical Dusk and Shadow were used as accent colors while Ivory was used on all other areas. All of the walls were completed n about 3 weeks. The window and door trim were completed last. Gene was very pleased with the timeliness and quality of Americlean's performance. Encompass was so impressed with the outcome they sent a letter of Thank you.

CHALLENGE

Interior painting of the 8th and 9th floor without disturbing hundreds of insurance office workers

SOLUTION

Careful preparation and painting of both floors during off business hours

RESULTS

Complete preparation and painting to ensure a brighter and cleaner working environment
